PROFESSIONAL PHOTOGRAPHERS

We are an independent family owned business of professional photographers specialising in property and landscape photography primarily to Home and Commercial Property Owners and those who work in the Property and Construction Industry in Dorset.

We provide internal room photos, aerial photos and video trailers.

We work for property professionals including estate agents, architects, town planners and surveyors. We also provide services directly to home-owners.

We are a family run and owned business, based in Bournemouth. We are on the road shooting property and land 5 days a week.

We would love to hear from you.

TESTIMONIES

"We believe the impressive amount of interest shown in our property & the resulting quick sale was a direct result of the fresh perspective your photography service provided"

Mr and Mrs Atkins

"If you are selling or letting your home, choosing an estate agent is an important decision. We believe choosing an agent who works in partnership with Premier Property Photography will give you the better result"

Mr Read
